Roadmaps supporting Digital Excellence

John Rayner

Director – HIMSS Analytics

 @Himssjohn

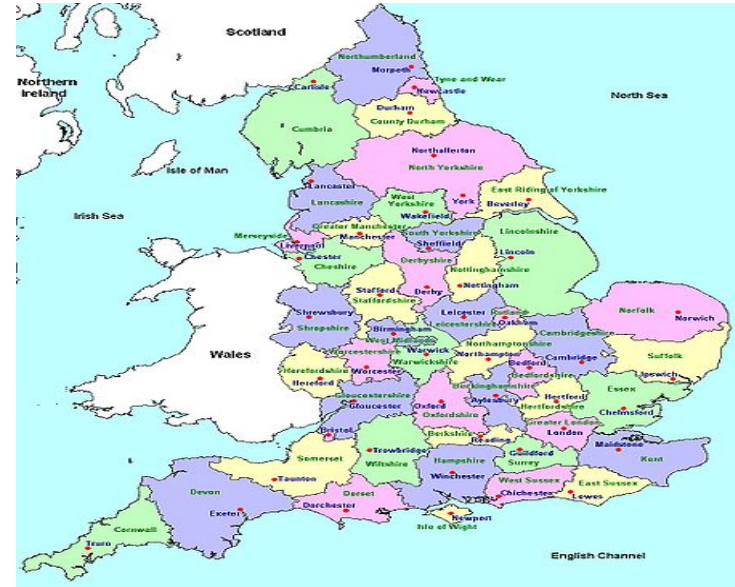

HIMSS
DM SERIES

SALFORD 14 AND 15 MAY 2019

Where are we now?

Where are we now?

Where are we now?

Where are we now?

Its important to identify a starting position....

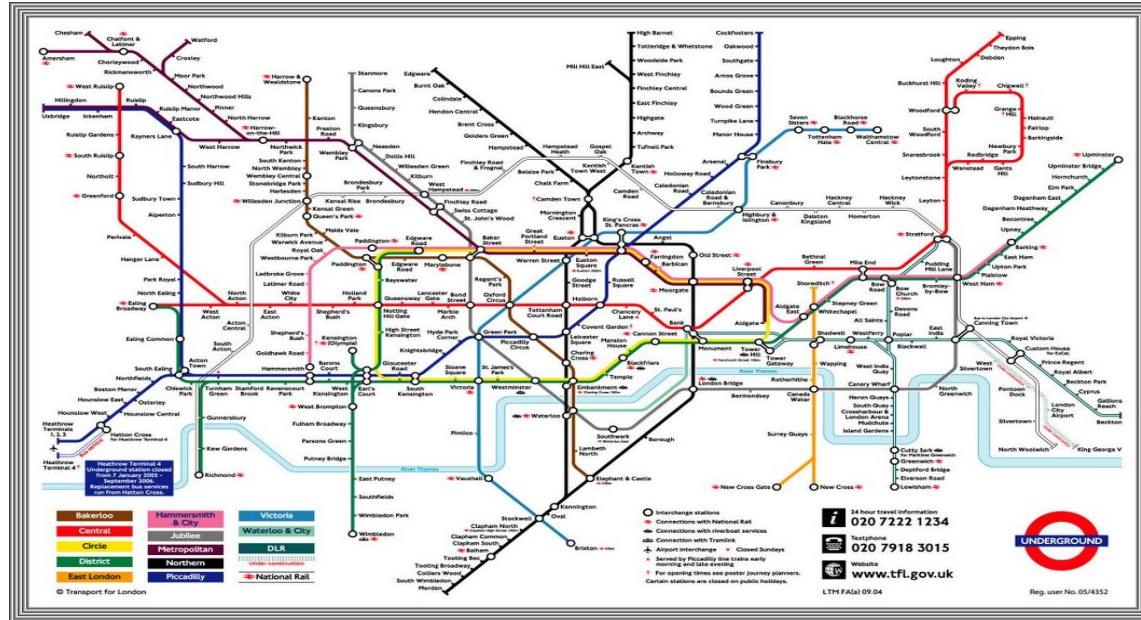

Traveling on the Tube....

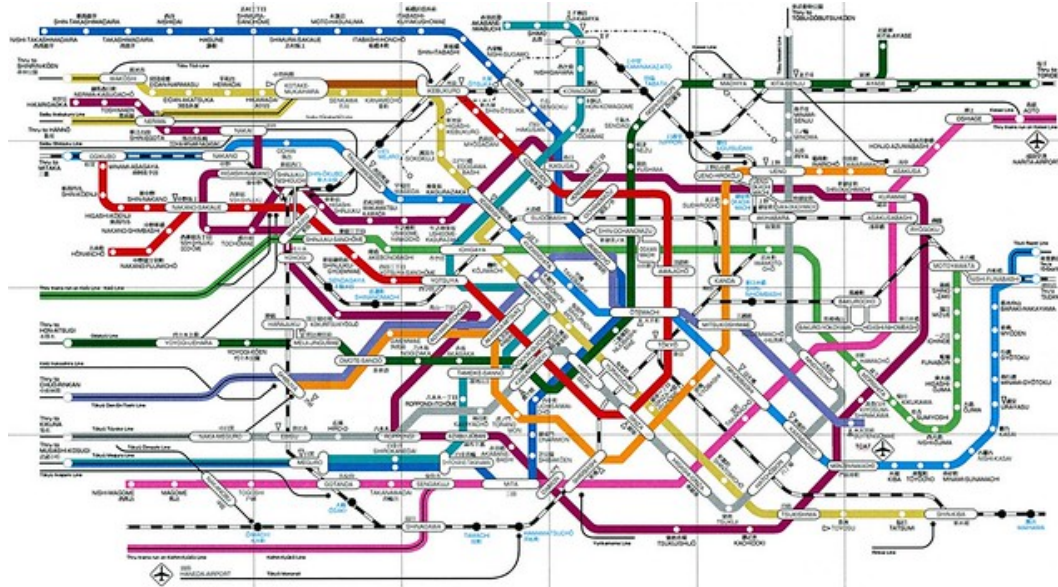

If only....

Traveling on the Tube....

Other Maturity Models are available....

Stuck or Lost.....

- No money
- No map
- No friends

11

3 important characteristics of digital success

- Strong leadership
- Clinical engagement
- A willingness to invest

The success factors....

- Strong leadership
- Clinical engagement
- A willingness to invest

Over time....

The Maturity Models.....

The Maturity Models.....

The Maturity Models.....

The Maturity Models.....

20

The Maturity Models.....

The Maturity Models.....

EMRAM

Electronic Medical Record Adoption Model

Measuring EMR capabilities and impact on systems, and patients.

O-EMRAM

Outpatient Electronic Medical Record Adoption Model

Scoring healthcare clinics on the maturity of their EMR environments.

AMAM

Adoption Model for Analytics Maturity

Determining how to leverage data for better care and process optimization.

H-SMM

Healthcare Supply Information Maturity Model

Transforming clinical environments to support quality, safety and sustainability.

CCMM

Continuity of Care Maturity Model

Assessing levels of care coordination, systems integration, and patient engagement.

Infrastructure Adoption Model

Improve care delivery, reduce risk, and create a pathway for infrastructure development.

DIAM

Digital Imaging Adoption Model

Evaluating maturity of IT supported processes in medical imaging in hospitals and diagnostic centers.

Digital Profile – Opportunity

The grey area represents the project scope and opportunity for improvement.

Not about reaching Stage 7 but improving capabilities and maximizing technology investments and resources available.

The International Maturity Models....

Maturity Models are...

Aspirational and **drive** the market

Create Roadmaps

Learn from others experiences

Convey a vision of desired target state

Encourages everyone to **work collectively**

Global benchmarking

Vendor **agnostic**

Key Features

- Healthcare specific
- Capability oriented
- Prescriptive, clear, and informative
- Simply stated compliance requirements
- Industry standard terminology and detailed references

Don't get scared – Get started.....

The Take away.....

- Know your start point on the roadmap by using a maturity model
- Agree the end point
- Build and prepare for the journey
- Understand the impact
- Create buzz
- Act
